

## BIS College Credits

BIS prides itself in offering a broad range of opportunities for students to advance their academic careers beyond high school. To get a jump-start on the competition, BIS students have many opportunities to earn college credit.

Students may take certain courses in BIS that offer college credit through Rogue Community College's *College Now* program, enroll directly in a RCC class for FREE provided by the generosity of the Morris Foundation, or take an AP course to earn college credit.

Below is a list of college credits students can earn by taking courses in BIS.
