DETAILED INFORMATION REGARDING MONDAY -THURSDAY PERIODS:

Students are scheduled in periods 1-4 OR 5-8. During these class periods, teachers will deliver live, online instruction, have scheduled Zoom meetings with the class and take attendance of all assigned students through Zoom/Synergy. Students are not scheduled in both groups unless special arrangements have been made for students to take extra/advanced classes.

All students are scheduled for 4 or less classes. Students may schedule additional online courses if they are successful at independent, distance learning. We also have online college courses available through KCC and SOU's early entry program for those looking to earn additional college credits outside our dual credit programs - please know that these courses will **cost \$** and will also go on your official college transcript.

DETAILED INFORMATION REGARDING FRIDAY'S INCOMPLETE COURSE MAKE UP AND MENTOR PERIOD

- On Fridays, teachers will schedule class time with students who did not finish their courses last spring and received incomplete grades. Teachers will reach out to these students and schedule times on Fridays to work with these students complete their T3 classes to earn a P.
- Teachers will be calling each of their mentees. All families will receive a weekly phone call from their student's mentor teacher to check in. If your student has

academic or social emotional struggles, sharing this information with his/her mentor is important so we can get your student the help he or she needs.

Additional Office Hours: It's possible teachers will schedule additional office hours for students to receive one-on-one help on Fridays. Please check with your teachers for their scheduled Office Hours.
