

## Senior Year Considerations

### February:

- ✓ Send Fall grades only if they have been requested by a college.
- ✓ For most private schools, financial aid forms should be filed by week two of February or sooner.
- ✓ Apply for local or special scholarships, if applicable.
- ✓ Start thinking and planning visitations to schools you will need to see and experience. Inquire discreetly about pre-arranged absences, and try to preserve a good attendance record.
- ✓ Continue to check announcements for scholarship opportunities.
